

MEMPHIS STOCK AND BOND MAIL BID SALE NO. 250 CLOSES THURSDAY, JULY 14, 2005

We buy, sell, and auction the very best in Antique Stocks and Bonds,
Autographs, Banknotes, Coins, Historic Americana, and Vintage Photography

TERMS OF SALE

1. A 15% buyers charge will be added to the hammer price of each lot purchased.
2. All bids are per lot as numbered in this catalogue.
3. Bids less than 60% of the estimate **will not be accepted**.
4. We reserve the right to withdraw any lot prior to sale.
5. All successful bidders shall be billed for postage, handling and insurance.
6. We cannot be responsible for the loss of any merchandise shipped outside the United States.
7. All framed items are shipped at the purchaser's risk.
8. R.M. SMYTHE reserves the right to reject any bids not made in good faith and further reserves the right to ban any bidder from participation in its sales for any reason deemed appropriate at our sole discretion.
9. A R.M. SMYTHE auction bidder expressly waives any claim or right to any accounting, damages or compensation arising out of R.M. SMYTHE'S failure to receive or execute any bid due to exclusion from our sales, clerical errors or other causes. No bids will be accepted from any person who has not signed a registration form or a bidder sheet.
10. United States coins and currency will not, in conformity with law, be opened at less than face value.
11. No "buy" or "unlimited" bids will be accepted. We will act as agents for all mail bidders in the sale. Mail bids below the low estimate will not be reduced. Mail bids will be opened at the next interval over the second highest bid except where the intrinsic or regular market worth of the item dictates an opening at its fair market value. Floor bidding intervals will have an average increment of about 5% at the discretion of the auctioneer. "Cut" bids (bids at less than the regular bidding intervals) will be accepted, but they must be no less than half of the regular interval over the previous bid. Each bidder may make only one "cut" bid per lot, and if they are out bid, they may make no further bids on that lot.
12. In the case of a tie between a mail bidder on the book and a bidder on the floor, the mail bidder shall take precedence.
13. All bids must be in whole dollar amounts. Percentage increases will be rounded up to the nearest dollar.
14. Check your bid sheets carefully. We can not assume any responsibility for errors made in the amount bid or lot numbers listed. Make sure your sheet is signed.
15. No minors may participate in our sales. Agents bidding on behalf of others will be held liable if their principals fail to make payment.
16. Payment for purchases is to be made by cash, check, money order or bank wire upon receipt of invoice. No lots may be taken away unless paid for in full. A late charge of 1-1/2% per month will be charged on the invoice total if payment is not received **within 10 days** of mailing the invoice. Bidders not known to us are required to deposit 25% of their total bids in advance. **Credit cards will not be accepted for auction purchases.**
17. Title does not pass until payment in full is received. R.M. SMYTHE reserves the right to await clearance of any check before making delivery.
18. If a collection agency or attorney is required to collect outstanding accounts, all agency and court costs, witness and attorney fees and all other costs of any kind incurred by R.M. SMYTHE in procuring judgement shall be borne by the defendant. The signer of a R.M. SMYTHE bid sheet or participant in the auction concedes the jurisdiction of the courts of the U.S. in New York City or the New York State courts as R.M. SMYTHE alone shall elect. The participant in a R.M. SMYTHE auction also assumes both corporate and personal liability for unpaid auction bills.
19. R.M. SMYTHE may reopen the bidding on a lot under the following circumstances: 1) R.M. SMYTHE has failed to execute correctly a mail bid. 2) A party purchasing the lot on the floor has done so in error. 3) Where a protest is made after the hammer has fallen but before bidding has commenced on the next lot. 4) Where the auctioneer has determined that he has overlooked a party still bidding on the lot but before the calling of the next lot. 5) At the discretion of the auctioneer.
20. In the event of dispute, the auctioneer's decision is final.
21. New York State & Pennsylvania State sales taxes or other state sales or use taxes shall be levied, as required by law. Dealers and other non residents are reminded that sales tax must be collected unless Form ST-128.1 has been filed properly, under regulations effective 1 December 1982.
22. No price adjustments will be made on the hammer price of a lot whether there is a complaint about the whole lot or only one item in it. The entire lot must be returned if a refund is to be made.
23. In the event of unsuccessful litigation the plaintiff shall pay R.M. SMYTHE'S legal costs, counsel and witness fees and all other costs incurred by it in defense against such suit together with interest on any funds expended at the New York prime rate from the date of actual disbursement.
24. The same protections applicable to R.M. SMYTHE apply to each and every one of their officers and employees unless they shall be convicted of knowingly selling false or stolen goods.
25. R.M. SMYTHE assumes no liability for merchandise lost, stolen or damaged while in the possession of a party to whom merchandise has been shipped. The purchaser is solely responsible for the safe keeping and insurance of any items in their possession.
26. All accounts are payable to R.M. SMYTHE in U.S. funds and remittances must cover the service charges for foreign drafts which shall be added to each invoice.
27. All material in this catalogue is **unconditionally guaranteed to be genuine**. We will not knowingly sell any item that has been "repaired", "restored", "processed", "cleaned", "pressed", or "conserved" in any way without disclosing those facts to the potential buyer.
28. Agents who bid from the floor for clients should examine the lots carefully, and are reminded that no lots may be returned by floor bidders except for non-authenticity. Lots described as "repaired", "corroded", "holed", "whizzed", or like damage may not be returned for any reason except non-authenticity.
29. Mail bidders may return lots for reasons of non-authenticity or improper description within 5 days of receipt or thirty days from the auction's last day, whichever comes first. Third-party graded coins (i.e. PCGS, NGC, ANACS, ICG) are sold as is, **no returns**. Failure to execute this privilege in a timely manner either from a failure to pay promptly or from any other cause shall void it. Lots sold with the proviso 'sold as is' cannot be returned. Lots valued primarily for their bullion content may not be returned.
30. In cases where a question has arisen as to the authenticity of an item, the purchaser must, before settlement day (30 days after the sale,) notify R.M. SMYTHE of his intention to return the item, confirmed in writing. The item will be examined by a recognized expert; if the item proves authentic, the sale will be consummated. If the item is not authentic, the sale price will be refunded.
31. The auctioneer reserves the right to postpone the sale by auction for a reasonable period of time as a result of any significant event which, in the sole discretion of the auctioneer, makes it advisable to postpone the event. No prospective bidder or prospective buyer shall have recourse as a result of any postponement.
32. The placing of a bid shall constitute **full acceptance of the fore-going terms and conditions of sale; all bid sheets must be signed by the responsible party.**
33. A \$100 charge will be applied for any check that fails to clear.

Memphis Stock and Bond Auction

Mail Bid Sale No. 250

Closes: Thursday, July 14, 2005 - 12:00 Noon (EST)

Exhibition of Lots in Memphis, Tennessee

Most lots will be available for viewing at the International Paper Money Show, June 14-18, 2005, at the Downtown Memphis Marriott, Memphis, TN. Some bulky and oversized pieces may not be available for viewing due to space constraints.

Exhibition of Lots in our New York Offices

Lots are available for viewing in our offices **by appointment only on the following days, during our regular business hours, 10:00 am - 4:00 pm:**

Monday – Wednesday, July 11 – 13, 2005

Due to insurance and security regulations, please contact us well in advance for an appointment, as no exceptions will be made.

[Extended evening viewing hours may be available; please call us to arrange in advance.]

How to Bid

You may bid by EMAIL, MAIL, PHONE or FAX on any lot in this sale. All bids, received by email, mail, phone or fax, **must** be in our hands no later than **12:00 Noon on Thursday, July 14, 2005**. Please confirm all bids called in to our office in writing within 24 hours. Please indicate a daytime telephone number on your bid sheet in case we need to verify any information with you. We strongly suggest that a telephone call be made to confirm receipt of mailed or faxed bids. **FAXED BID SHEETS SHOULD BE TYPED.**

R.M. Smythe stresses competitive bidding, and represents all bidders fairly.

Online Advance Bidding Information

You may bid via our new online advance bidding page, which may be found by clicking on the link on our home page at **smytheonline.com**. Please be sure to read the information on the advance bidding home page carefully. If you have any questions, feel free to contact us at: 800-622-1880 or 212-943-1880.

Estimates & Reserves

Prices realized may be higher or lower depending on wholesale and retail market conditions at the time.

Where non-published reserves exist, the auctioneer may make bids in response to others.

R.M. Smythe & Co. reserves the right to include our own material in this auction, as well as to bid on any item in the sale. R.M. Smythe & Co. has advanced money (where requested) to consignors and in addition has agreed to extend credit for purchasers who have established credentials prior to the sale.

Delivery of Lots

All lots will be available for pick-up on the days following the sale. In order that we might have your items ready, please call us a day before you plan to pick up your items in our office. All lots picked up in New York or shipped to Pennsylvania or New York are subject to Sales Tax unless a valid Resale Certificate is provided or is on file.

Prices Realized

Prices realized will be available at **smytheonline.com** in the afternoon. If a printed copy is preferred, please contact our office at **800-622-1880**.

Scripophily Condition Terminology

Unlike coins and paper money, the grading of stocks & bonds has not developed to the point where everyone agrees on or uses similar standards. The very nature of stocks and bonds defies a grading system based, for example, on wear, or folds.

Instead of trying to develop a strict grading system, we have used terminology designed to convey a strictly subjective impression of the items we endeavor to describe.

Fair – A certificate with extreme handling, fold splitting, stains, small pieces or tears.

Fine – Slightly below average. Folds may be heavy with splits slightly into the design elements, but with no pieces missing. More severe flaws will be mentioned.

Very Fine (VF) – The average grade of most of the stocks and bonds we encounter. A **Very Fine** share certificate will have several light to moderate folds, and the paper will show obvious wear or softness. Bonds that were originally folded by the printer may have several additional folds. There may be minor edge roughness, but any splits that extend into the designs will be described. Very light soiling is typical, but heavier stains or foxing will be mentioned.

Very Fine+ (VF+) – Obviously used or worn, but brighter or cleaner than the average example.

Extremely Fine (EF) – A well above average example. Stocks may show a few light to moderate folds. Bonds that were originally folded may have a few light to moderate extra folds. The paper will retain most of the original crispness and brightness. The margins will be free from noticeable edge splits, stains or other problems.

Extremely Fine+ (EF+) – As made, or nearly so.

“*”

following a grade means there are no cancellations.

(np) indicates the item is not pictured.

James Gordon Bennett (1841-1918) was the son of the founder of the New York Herald. Bennett had a flair for creating news as well as reporting it. He sent Stanley into the heart of Africa to find Livingstone. Realizing the excitement and newsworthiness of the exploits of aviators in the first decade of the 1900's, James Gordon Bennett offered a spectacular cup, valued at 12,500 Francs, as first prize in an airplane race sponsored by the Federation Aeronautique Internationale. Glenn H. Curtis became the first American champion by winning it in Rheims, France in 1909.

This certificate was printed for a competition scheduled to take place in Chicago, IL, under the auspices of the Aero Club of America and the Aero Club of Illinois.

- 7027 Kinner Airplane & Motor** (CA) 1934. **30 shs.** Brown. Monoplane soars above river. Jeffries Banknote. Minor rust stain from paper clip. **VF+.*** (\$125-175)

The principal business of this company was to buy and sell real estate, hardware, farm products, fuel and other provisions. There are relatively few documented examples of African Americans organizing corporations in the 1920s (Marcus Garvey is a notable exception, well known to the field of scripophily). All African-American related shares are rare, especially from Southern states. This is only the second we have seen of this example, and the only pre-modern-era stock certificate we know of that has an illustration of an African American woman (on the verso) who is not a field hand.

Starting in the 1880's the telephone began to make what would be an enormous impact on the world. In Hawaii, a group of visionary entrepreneurs decided to raise the necessary capital to connect the Hawaiian Islands by telephone with the rest of the world. They petitioned the Constitutional Monarchy, headed by King Kalakaua, for a charter. As a result the Hawaiian Bell Telephone was formed, Hawaii's first telephone company. In 1894 Mutual Telephone merged with Bell Telephone of Hawaii and obtained a controlling interest in all of Hawaii's phone companies.

There is no imprint, but the work is similar to that done by John Douglas of New Orleans. In the late 1850's there was increasing talk (and some action in the South) to bypass New York and trade directly with Europe. It seems unlikely that this was a blockade running company because it was issued to early for that purpose.

- 7220 William S. Pierson (NY) 1846.**
Share certificate. Unissued.
Black on blue paper. An
extremely unusual piece of
history. **EF.** (\$125-175)

This was a classical scam, in an era marked by some ingenious examples of that art form. Abraham G. Thompson claimed to have a map marking the location where Captain Kidd had sunk a vessel containing his loot. Since Kidd did his looting in the Indian Ocean, and such money as he got (he was a notoriously incompetent pirate) was spent there, this was pure fiction that could only fool the ignorant. To give credit to this otherwise bald and unconvincing narrative, the site in the Hudson River near Dunderberg mountain was salted with some treasure pieces which the promoter claimed to have fished up. The scheme gave total discretion to the promoters as to how the funds were to be spent, thus giving the shareholders no recourse to recover their subscription. The chief purpose of this scheme was to pocket the down payment of \$25 per share.

The signatures are bold and not cancelled. **VF+.** (\$200-300)
James F. Burns came to Colorado to join his three maiden sisters. He was doing construction work with his friend, James Doyle, when they got word of Stratton's success with the Independence Mine in Cripple Creek. Neither one of them knew a thing about mining, but they borrowed a clothesline from someone and measured out a claim, not too far from the Independence. Burns and Doyle dug out what looked, to them, like a bunch of worthless dirt. They asked a friend what he thought about their diggings, and the friend agreed to give them his advice - for one third of the property. The "worthless" dirt turned out to be sylvanite, gold bearing ore worth a small fortune, and the mine went on to produce millions for the three partners.

- 7369 Tonopah Stock Exchange (NV)** 1902. #43. **One share.** Green underprint. Eagle with shield. **VF.*** (\$200-400)

When the new mining boom started up in the early 1900's, the Tonopah Stock Exchange was organized as a corporation. The high reputation of its backers was believed to ensure conservative operating policies. The president, Henry Cutting, was a lawyer who had compiled the state's mining laws. However his mining investment occupied him more than the exchange, and it was only a brief effort.

In 1902 J.P. Morgan formed the International Mercantile Marine Company with an investment of \$120 million, purchasing the Red Star Lines, the Mississippi, and the entire capital stock of the White Star Line, a British Company. The most famous member of the International Mercantile Marine fleet was the White Star Liner "Titanic". The Titanic was the largest liner the world had seen at 46,328 tons. On her maiden voyage bound for New York she struck an iceberg shortly after Sunday dinner, April 14, 1912. The greatest of all liners became the greatest disaster in maritime history.

- 7661 Lake Torpedo Boat (ME)** 1916. #1614. **One share.** Gold seal and underprint. Eagle. Signed by **Simon Lake** as president. **VF+.*** (np) (\$100-150)

Simon Lake (1866-1945) was the American pioneer of the submarine, whose torpedo boat design was adopted by the U.S. Navy during WWI. Lake is credited with such advances as even-keel hydroplanes, ballast tanks, diver's compartments, periscopes and the twin hull designs. No modern submarine could operate without his advances.

(\$175-250)
 This bond was part of an act passed in 1838, creating the Union Bank of the State of Mississippi with a capital of \$15 million. With the crash of 1837, it was impossible to sell the entire bond issue, so Mississippi had to make do with \$5 million lent by the Bank of the United States of Pennsylvania, still headed by Nicholas Biddle. This bond was due in 1850, and has a yellow seal at the left. By 1841, the bank, which was supposed to pay the principal and interest on this loan, was bankrupt, having \$15 million of nominal assets and less than \$100 in coin. Although Governor McNutt had signed these bonds, he found several legal technicalities and the bonds were all repudiated.

- In 1851 the People's Line and New Orleans & Ohio Telegraph Company were competing to provide New Orleans with telegraph service. By 1853, a consolidation was agreed to and service to New Orleans seemed to be well established. The next year yellow fever struck and an ice storm leveled many of the poles. Business was suspended. Cash had to be raised and the New Orleans & Ohio Telegraph Lessees was formed to lease the property of the now defunct New Orleans and Ohio Consolidation. A legal claim forced the Lessees into a sheriff's sale. A new company, South-Western Telegraph, resulted. The stockholders of Lessees received stock in the new company as part of the settlement. South-Western was headed by Dr. Norvin Green, who has signed this Lessees certificate as president. Green went on to become president of Western Union.

7846 Channel Tubular Rwy Preliminary Company (Great Britain) 1892. **5 Founder's Shares.** Tan underprint. Text in English and French. An exceptional work of art depicting the White Cliffs of Dover, the French coastline, and a classic vignette of a cross-section of the tunnel under water showing a locomotive with passenger cars chugging towards the French side. Surrounded by a magnificent border topped by the Goddess Britannia and Marianne (the woman symbolizing France) holding their respective flags and holding hands. Light foxing along centerfold, **VF+.***

(\$300-500)

The Channel Tunnel nicknamed "The Chunnel" now links Britain to mainland Europe for the first time since the ancient land bridge eroded 10,000 years ago. To date this is the biggest construction project Europe has ever undertaken. However history tells of earlier attempts such as this grandiose scheme from 1892. The historical significance of this is that it is the only available antique stock certificate of a company attempting to tunnel under the English Channel. The dream of a "Chunnel" goes back to before 1802, but this is the only available antique stock celebrating this monumental engineering project.

7875 Reduced Annuities (England) 1879. *Bank of England.* **Joint Stock.** 3% Annuities. Upper left corner tip. VF. (\$60-80)

A postcard of Dividend Day at the Bank of England as well. This is one of the famous 3% Consols that existed from the 1750s all the way down to the present, although all or some of them were refunded into a slightly lower rate security by Chancellor of the Exchequer Goshen in the late 19th century. They are called perpetuities, without a redemption/maturity date, a concept that never migrated from Europe, where it was common, to the United States. They promised only a steady stream of income, so it was easy to determine the yield by dividing the annual income stream by the current market price. In the '70s when the United Kingdom was having a lot of trouble, they got down to the 'teens in price for some handsome double digit yields.

7878 South Sea Company July 22, 1722. Handwritten document on laid paper. Text reads "Pray pay Mr. Henry Heare or order dividend on Four Thousand Nine Hundred Eighty Two Pounds Fifteen Shillings of South Sea Stock Dividends...". Professionally restored. Apparent, VF+. (np) (\$125-175)

The South Sea Company was founded to support the already existing East India Company in trade with overseas colonies. Shortly after the formation of the new company, speculators moved in on the shares and drove the price up to many times their normal value. Rumors of great discoveries of gold by the first ships underpinned the speculation which later became known as the "South Sea Bubble." The bursting of this bubble led to widespread distress, and a whole new structure of the English economy. The South Sea Bubble was the first great speculation in joint-stock company history.

Collectible Stocks and Bonds of North American Railroads Guide With Prices

\$45.00

By Terry Cox (2003). Second Edition. 570pp, 225 photos of certificates. Soft cover.

The long awaited second edition of this popular title. A resource written for collectors, this book focuses on one portion of the collectible stock and bond hobby – railroading. This is the best available listing of certificates with price indications. This edition lists 17,598 entries, of which 13,505 are distinct varieties, nearly 7500 more certificates than the previous edition.

A “must have” book for anyone interested in the subject.

Empress Dowager Tsu Hsi, anxious to rid China of the well-armed Europeans who were threatening to carve up her country to take advantage of its natural resources and control all trade, backed a rebel group known as the Fists of Righteous Harmony. These rebels were referred to as 'Boxers' by the Europeans because they practiced martial arts (and believed they had magical powers that would protect them from bullets). In early 1900, the Boxers roamed the countryside slaughtering missionaries and their converts. With their growing ranks, the Boxers entered Beijing and attacked an enclave of foreign diplomats and their families. Just as the foreign defenders were on the brink of collapse after two months of

fierce battle, an international relief force came to their rescue. The international force looted Beijing and the Forbidden City, but the Empress Dowager escaped dressed as a peasant. After the Russian, British, German and American forces, among others, crushed the Boxer Rebellion in 1900, China was compelled by the 1901 Boxer Protocol to submit to numerous demands by the European and American powers including payment of a huge indemnity for the losses they had suffered as a result of the rebellion. This Gold Bond was part of the Chinese Republic's effort to raise funds to pay the indemnity. A dramatic piece of Chinese history!

1-837) Republica Mexicana Bono Del Tesoro 1913. \$485. 6% Bond. Blue. Mexican eagle. 838-1044) Republica Mexicana Bono Del Tesoro 1913. \$970. Orange. Mexican Eagle. **VF+.***

These bonds were issued during the brief and (later declared) unconstitutional regime of General Victoriano Huerta. This was the era of Pancho Villa operating in the north and Zapata in the south. Huerta was subsequently overthrown and the foundations of modern Mexico were laid. Although recognizing much of the previously contracted Government debt the Mexican Government refused to recognize the validity of these two issues. The Huerta regime was recognized in Europe but not in the USA. In the UK the Council of Foreign Bondholders tried to gain compensation, at Government level, for some 60 years before giving up.

Financing The American Revolution**\$35.00**

Udo Hielscher

95pp, soft cover

In *Financing the American Revolution*, Udo Hielscher accomplishes something that has eluded almost every other author who has written about American economic history. He somehow finds a way to make the subject interesting, accessible and visible. This handsome 95-page volume, published by the Museum of American Financial History, features 43 premium quality, full color plates of rare original documents, presented as a truly cohesive collection. Both the text and captions are well organized, and they are written in an informative and entertaining style.

Hielscher chronicles America's economic history from just prior to the Revolution, and takes us step-by-step to the birth of the New York Stock Exchange under a Buttonwood tree in 1792.

Meticulously researched, beautifully designed, clearly and persuasively written, *Financing the American Revolution* is that rare book that can be read and enjoyed by academicians, collectors, and the general public as well. Don't miss it!

8436 War of the Rebellion Official Records of the Union & Confederate Armies.

(\$2,000-3,000)

Harrisburg: National Historical Society (distributed by Broadfoot), 1985. A nearly complete set. The full set consists of 70 Volumes in 128 Bindings. This set lacking Serial #52, #54, #55 & #56. Serial #112 & #113 were never published. Beautiful facsimile reprint of the original 'Official Record' published between 1880-1901. Gilt stamped titles on black cloth covers. The major source of Civil War material and an indispensable tool for the serious researcher. Probably the most important work on the Civil War. Because of the sets enormity, additional shipping charges will apply. EF.

8437 Medical & Surgical History of the War of the Rebellion.

(\$150-250)

Part II. Volume II. Prepared under the direction of Joseph K. Barnes, Surgeon General of the United States Army. 1876. First Edition. Large green cloth binding. This primary material concerning the medical history of the Civil War has been described as one of the finest collections on the subject. Profusely illustrated with in-text woodcuts and numerous full-page plate, some in color. These are graphic and detailed plates. Light shelf wear, else VF+.

HINTS FOR BIDDING IN A MAIL BID AUCTION

Bidding in auctions can sometimes be a real challenge, but mail bid auctions are real opportunities for collectors to acquire items that may be hard to obtain any other way. Experience has taught us ways to minimize frustrations and maximize results, and we would like to share some of those ideas with you. Here are the questions we are asked most often and some of the suggestions we have made to bidders. We think they will save you time and money, as well as help you win lots you might otherwise miss.

"I can't come to your office to view lots, but I want to know more about a particular lot before I bid on it."

Lots are available at the times and places posted in the front of the catalogue. We often bring lots to conventions, and there is no better way to learn about numismatics or scripophily than to attend a convention, view auction lots, and talk to dealers and collectors. But if you can't be there, here is how we can help you get a better idea of what you are bidding on:

1) Call us, and we will be happy to have one of our experts describe any lot you ask about.

2) We can arrange to copy most items and we will FAX or mail the copies to you at a nominal charge. We can also scan items and email them to you.

3) If you have established credit with us we may be able to ship lots to you for direct viewing.

Please realize that requests for phone assistance, for copies or for shipping lots directly to you must be arranged well in advance of the closing date of the sale, and that you may be charged a nominal fee.

"I have a limited budget and although there are many items I would like to bid on, I am afraid of exceeding my budget."

There is an easy way to solve this problem. It is called a "limit" bid sheet. Let's look at an example. Mr. Smith collects Confederate notes, and he sees that there are over thirty lots he would like to buy. His budget is \$1,000, but the estimates on the thirty lots he likes add up to well over \$5,000. If he bids on all thirty he might win them all and exceed his budget. To be safe, he bids on only ten, and he wins only one lot for a \$100. Mr. Smith is disappointed because he missed the chance to bid on all thirty lots. He could have bid safely on all thirty lots and increased his chances of improving his collection by submitting a "limit" bid sheet. Here is how it works:

Mr. Jones has the same collecting interests as Mr. Smith. He has the same \$1,000 budget. Mr. Jones bids on all thirty lots he is interested in. He writes at the bottom of his bid sheet "Please limit my total winning bids to \$1,000." Every time Mr. Jones wins a lot we keep track of his total spending. When the total reaches \$1,000, we will stop applying his bids. We did what he would have done had he been at a live auction. We spent only what he budgeted for.

There is a special advantage to limit bidding in a mail bid sale - the bids can be listed in order of your preference. List the lots you want most first.

"I see that there are two similar lots in the sale. I want only one of them, not both of them."

This problem can be solved with an "OR" bid. Let's assume that Lot #101 and Lot #102 are identical. You wish to bid \$200 on either one, but you don't want both. Write the following on your bid sheet and you can accomplish your goal:

"#101 OR #102 at \$200"

If you win Lot #101 we will cancel your bid on #102.

"What if there are three similar lots and I only want one?"

"#101 OR #102 OR #103 at \$200" will work perfectly.

"When I don't win a lot I often seem to lose it by just a few dollars. It almost looks as if someone knows what I am bidding on, and they bid a little more. What is going on?"

Every auction house has its own way of closing a mail bid sale. Some houses will tell bidders exactly how much the highest bid is at any given moment right up until the end of the sale. We feel this is unfair, because anyone who is able to get through by phone near the end of the sale can top anyone else. If auctions are closed in this manner clients who are "friends of the house" have a distinct advantage and can top other bidders at the end. Those who bid early are at a disadvantage. To eliminate this problem we don't give out any information on what the highest bid is. We advise bidders to bid exactly as much as they are willing to spend on a lot, and where possible, if they win a lot we reduce their bid to an increment just above the next highest bidder (there are exceptions - please see the Terms of Sale).

We think this method is fair to everyone involved, but it does result in bidders sometimes losing lots by \$1, or \$5 at times. If Mr. Jones bids \$100 on an item and Mr. Smith bids \$101, we have no choice but to award the lot to Mr. Smith for \$101.

"I bid \$30 on a lot that was estimated at \$100 and I didn't get the lot. Later, when I got the Prices Realized, the lot was reported as unsold. Why didn't I get the lot?"

The Terms of Sale state that bids less than 60% of the estimate will not be accepted. As auctioneers, we have a responsibility to the consignors as well as the bidders. Any bid that is considered to be less than the "...regular market value..." of the item may be rejected by the auction house. Keep this in mind when making bids below the estimates given.

We hope these questions and answers have been helpful. If you have any comments, suggestions, or further questions concerning Smythe auctions, please feel free to call us at 800-622-1880, or 212-943-1880.
